Mission

The Academy was founded on the principle that sports and education can be successfully combined into the lives of middle school students. Our academic curriculum offers low student-to-teacher ratios with teacher-directed instruction in a fun, safe, and nurturing environment. Additionally, while sports are an important component of our curriculum, History, Science, Math, and English are taught in accordance with state mandated standards.

School / Academic Goals

- ü TO MEET INDIVIDUAL STUDENT NEEDS. We recognize that students have varying levels of academic interest, skills and proficiency. Consequently, we are committed to work with each student to help them attain or exceed grade level competency.
- ü TO MAINTAIN LOW STUDENT-TO-TEACHER RATIOS. We believe that students perform better academically when they receive more attention from school staff. Our current student-to-staff ratio is less than 10:1 !
- ü TO PROMOTE PARENTAL INVOLVEMENT. Parental involvement is key to students' academic success. We promote student/parent dialogue by keeping parents informed of their student's progress, homework assignments, and the school calendar of activities.
- ü TO ENGENDER A SPIRIT OF COMMUNITY AND LIFELONG LEARNING. Using 'Character Counts' as the foundation of our curriculum we hope to give our students a love of learning and teach them how to succeed in all aspect of their lives.

Shared Responsibilities

School

Allsport will track students' progress in academics and sports and report the progress or non-progress to the parents through quarterly and semester reports. This is augmented by a weekly bulletin sent to each parent/guardian informing them of their student's progress and relevant school activities. A student Disciplinary Matrix and information on emergency procedures are in the student handbook and in our Policies and Procedures Manual.

Parents

Parents are responsible for reviewing the weekly bulletines sent home wherein information about homework, weekly curriculum and student activities are reported. Parents must follow through with homework and report any cause for absences as quickly as possible to the school. Parents are asked to participate in school functions and activities. Participation in fund-raising activities is encouraged.

Transportation Policy

Parents sign a Private Vehicle Release Form releasing Allsport from any liability. Allsport will transport students to and from sports and sporting events. Allsport will pick up and deliver students that live a distance from the school and within existing bus routes.

Recent Trends in Student Proficiency on the State Standards (AIMS Test)

5th Grade Proficiency

8th Grade Proficiency

The graph includes the percentage of students that met or exceeded the standards. NC = Not Calculated. Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than ten (10) students have been replaced with NC.

The table below shows the schools that met or did not meet based on federal AYP requirements. To meet AYP for the year, all applicable goals must be met.

Glossary:

Adequate Yearly Progress

A measure of school performance as mandated by the federal government in the No Child Left Behind. AYP holds schools accountable for the performance of subgroups, as well as all students. AYP measures school toward the goal of having 100 percent of all students proficient in state standards for reading and math by 2013-14.

Met Percent Tested:

The school or district tested at least ninety-five percent (95%) of its students enrolled at the time of the test administration. Schools and districts must test at least 95 percent of their student in order to make AYP.

Met Test Objectives:

The percentage of students in the school or district that demonstrate proficiency in state standards by passing the AIMS test meets or exceeds the goal for that year. No Child Left Behind requires that Arizona set goals, called Annual Measurable Objectives, for the percentage of students passing AIMS for all public schools and districts in the state. The goals increase over time toward 100 percent passing by 2014. To meet the test objectives, every subgroup in the school must meet the Annual Measurable Objective.

Met Attendance Rate:

The school or district had an attendance rate of at least 90 percent over the first 100 days of the academic year. Schools and districts not serving high school students must have an attendance rate of 90 percent, or show a one-percentage-point improvement over the previous year, in order to make AYP.

Met Graduation Rate:

The school or district had a four-year graduation rate of 71 percent or greater. School or districts granting a high school diploma must have a graduation rate of 71 percent, or show a one-percentage-point improvement over the previous year, in order to make AYP.

Starting in Spring 2004-05, students were tested using AIMS DPA and TerraNova. AIMS DPA is a statewide assessment that is both standards-based, measuring student's knowledge against the Arizona Academic Standards, and norm-referenced, comparing student knowledge against students nationwide. TerraNova was administered to all students in grades 2 and 9. It is important to note the TerraNova/AIMS DPA and Stanford 9 test results are not comparable. For more information on the TerraNova and AIMS DPA, see our website at www.ade.az.gov/standards/

The Stanford 9 is a standardized, norm-referenced test. Since 1999, all students in grades 2 through 9 have been tested in Reading, Mathematics and Language. The percentage (%) of eligible students tested and the school's percentile ranks are listed above. State average percentile ranks for Arizona and District are provided for comparison. Note that the average percentile ranks for the nation are 50 for all content areas in all grades. Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than ten students have been replaced with NC (not calculated) to protect student privacy. Some columns contain dashes (-) to indicate "no data available."

School Safety

School-level Efforts to Ensure a Safe and Healthy Learning Environment

Teachers and staff monitor students at all times in school and on the playing fields. Additionally the receptionist is in plain view of everyone who comes in. There are monthly fire alarm drills. Schoolwide assemblies are held to discuss school policies regarding weapons, violence, intimidation/bullying, sexual harassment, and alcohol and drug abuse. Violence or threats of violence are not tolerated during school or on school property and may be reported to the local authorities.

Total number of incidents that occurred on the school grounds for school year 2005-06 that required the intervention of local, state or federal law enforcement (A.R.S.15-746.6) :

The Arizona Attorney General's Office has a hotline that allows students to report suspicious activities at schools and to get help with potentially violent situations, such as bullying, harassment, hate crimes, discrimination and gangs. The toll-free number, 1-877-900-1086, is anonymous and available 24 hours a day.

The Arizona Department of Education does not audit the information submitted by each school.

The Arizona School Report Card was prepared by the Arizona Department of Education using a standardized format to combine information provided by the local school with data compiled from state records. Each school has special strengths and needs, and all schools benefit from the active involvement of parents in their children's education. If you have questions about the report card or need more information, contact the school office. Arizona School Report Cards can be found for all schools at www.ade.az.gov/srcs on the Internet. "The Arizona Department of Education of the State of Arizona does not discriminate on the basis of race, religion, color, national origin, sex, disability or age in its programs, activities or in its hiring and employment practices. If you have questions or grievances related to this policy, please contact the Administrative Services DAS at (602) 542-3186."

Arizona's Achievement Profiles capture the performance level of every school.

DEFINITIONS:

Failing to Meet the Academic Standards - needs to meet state performance and state progress goals.

School performance has been designated as Underperforming for three consecutive years and a site review determined that the designation of Failing to Meet the Academic Standards was warranted.

Underperforming - needs to meet state performance and state progress goals.

Performing - meets state performance goals.

Performing Plus - above state performance goals, however the number of students exceeding the standard on the AIMS test is not sufficient to earn a highly performing or excelling label.

Highly Performing - above state performance goals or has demonstrated adequate improvement, in addition a significant number of students have exceeded the standard on the AIMS test.

Excelling - significantly above state performance goals, in addition a significant number of students have exceeded the standard on the AIMS test.

TITLE I TERMS

Title I School Improvement Year 1

A Title I school that has not made adequate yearly progress (AYP) for two consecutive years. Upon identification, the school must: notify parents/legal guardians of the school status; develop and implement a School Improvement Plan within 90 days of the identification; set aside 10% of the schools Title I funds for professional development for teachers and the principal; the district must offer parents the option of transfer and support to the school in its school improvement efforts.

Title I School Improvement Year 2

A Title I school that has not made adequate yearly progress (AYP) for three consecutive years. Upon identification, the school must: notify parents/legal guardians of the school status; develop and implement a School Improvement Plan within 90 days of the identification; set aside 10% of the schools Title I funds for professional development for teachers and the principal; the district must offer parents the option of transfer and offer supplemental educational services to eligible students, and offer support to the school in its school improvement efforts.

Title I School Improvement Year 3 or Corrective Action
